

WILDSAFE RANGERS

The WildSafeBC WildSafe Ranger Program introduces students to the concept of human-wildlife conflict. It encourages them to take an active role in reducing human-wildlife conflicts by helping their families identify wildlife attractants around their home. The program fosters a respectful relationship with all wildlife that emphasizes keeping wildlife wild and communities safe.

WILDSAFE RANGERS WILL LEARN:

- Basic needs (habitat requirements) of local wildlife species
- The root causes of human-wildlife conflicts
- How human-wildlife conflicts impact both people and animals
- What we can do at home to prevent human-wildlife conflicts
- How to stay safe in wildlife country

To learn more about the WildSafe Ranger Program visit: <http://wildsafebc.com/wrp/>

THE WILDSAFE RANGER PROGRAM COMPLEMENTS THE BC SCIENCE K-9 CURRICULUM TO FOSTER:

“a basis for an intuitive relationship with and respect for the natural world; connections to their ecosystem and community; and a sense of relatedness that encourages lifelong harmony with nature.”

Future Foundation

2019 WEBINAR DELIVERY

With funding from the TELUS Friendly Future Foundation, we are able to offer our WildSafe Ranger Program through an interactive online delivery to select schools within the Thompson/Okanagan free of charge for 2019.

As we do not have WildSafeBC Coordinators in every community, this allows us to reach communities that may not have had this opportunity in the past.

Our online webinar delivery includes a WildSafe Ranger kit for each participating child as well as interactive discussions and activities facilitated by our knowledgeable educators.

To learn if your school qualifies for this program, please contact us at 250-828-2551 or email bc@wildsafebc.com.
