

HOW DO YOU KEEP WILDLIFE WILD?

Draw your WildSafe Activity that reduces conflict with wildlife (ideas below).

Name: _____ Age: _____

WildSafe Activities

- Hike with friends, make noise and watch for signs such as scat & tracks
- Walk my dog on a leash
- Feed pets inside
- Pick fruit in our yard
- Never approach or feed wildlife

A WildSafe Ranger learns about wildlife and shares their knowledge with friends and family. I can learn more at www.wildsafebc.com.

Please help an adult check the following items around your home. This is so that you don't accidentally attract wildlife such as bears, coyotes, cougars and rodents into your yard:

- ✓ **Is the garbage always secure and only placed curbside on collection day?**
- ✓ **If you have any fruit trees – is the fruit picked before it falls on the ground?**
- ✓ **If you have a pet – do you feed them indoors and keep their food inside?**
- ✓ **If you have a barbecue is it kept clean and free of odours?**
- ✓ **If you have a bird feeder is it only put out in the winter?**
- ✓ **If you have garden compost is it properly managed so that it does not attract wildlife?**

Please ask that your parents/caregivers take a photo or scan a copy of your colouring/drawing contest artwork and email it to wrp@wildsafebc.com along with your name, age and town that you live in or mail it to:
