WildSafeBC Bare Campsite Program Pledge Commitments

As part of the pledge, our campground commits to completing a review of their campground and following the 5 essential steps to implementing a Bare Campsite Program (initial below):

_____ 1. Create clear expectations before campers arrive and make them aware that they are going to a WildSafeBC Bare Campsite Program campground.

_____ 2. Repeat Bare Campsite information when they arrive and during their stay.

_____ 3. Have bear-resistant infrastructure to ensure attractants are secure.

_____ 4. Provide bear safety and Bare Campsite Program training to staff.

_____ 5. Perform campsite reviews and detect concerns before wildlife does.

_____ Our campground has completed the attached Initial Review and identified areas for improvement.

_____ Our campground has completed the Final Review and addressed all required items.

WildSafeBC provides training for campground owners/managers and staff online to assist them in implementing the Bare Campsite Program and fulfilling the requirements of section 4 of the review. This includes access to online resources and materials that can be downloaded. Once the registration is completed, please email it to bc@wildsafebc.com to receive your Pledge Certificate.
